U.S. EXPORT SALES

- Outstanding Export Sales
(Unshipped Balances)
On MAY 30, 1976
 - Export shipments in
Current Marketing Year
 - Daily Sales reported
MAY 31 — JUNE 8, 1976
- As Reported by Exporters

NOTICE TO USERS: Effective June 1, 1976 the marketing year for wheat, wheat products, barley, rye, oats, flaxseed and linseed oil was shifted to June 1 through May 31. Previously the marketing year was July 1 through June 30. A table showing the beginning and ending dates of the marketing year for all reported commodities is on page 27.

Exporters with outstanding export sales for the above commodities, which were scheduled for shipment during the month of June 1976, will transfer these quantities to the 1976-77 marketing year. End of marketing year data for these commodities covering the 11-month 1975/76 marketing year will be published in the report to be released June 17, 1976.

EXPORT SALES REPORT

Comments on release of June 10, 1976 (based on reports from exporters for the week ending May 30, 1976, unless otherwise noted):

Wheat: The apparent export commitment (cumulative exports plus outstanding sales) for 1975/76 (year ended June 30) advanced by 95,700 metric tons (MT), bringing this year's total commitment to 31.4 million MT. Some of the larger increases in commitments were to the European Community (EC), 41,900 MT; Chile, 32,700 MT; and Morocco, 30,700 MT. Commitments to India rose by 24,900 MT, bringing total commitments to that country to 4.3 million MT. This week's increases in commitments were somewhat offset by declines in commitments, particularly to Poland of 30,500 MT.

Outstanding sales of wheat for 1976/77 shipment (year beginning July 1) increased by 219,700 MT. New sales to the Republic of Korea and India accounted for over one-half of this week's increases. Sales to India now stand at 1.4 million MT, more than one-third of the total to all countries for 1976/77 shipment. Total outstanding sales for 1976/77 shipment now stand at 3.7 million MT, compared with 4.7 million MT for the same period a year ago.

Feedgrains: The apparent export commitment for feedgrains for 1975/76 rose by 896,800 MT, bringing this year's total commitment to 44.1 million MT. Corn commitments advanced by 851,000 MT, of which 229,500 MT were to the USSR (these reflect transfers from optional origin rather than new purchases by USSR authorities). Some of the other significant increases in corn commitments were to the Republic of Korea, 112,300 MT; Japan, 209,400 MT; and Taiwan, 68,000 MT. Total corn commitments to the Republic of Korea and Japan now stand at 609,800 MT and 5.5 million MT, respectively. These increases were partially offset by decreases in corn commitments to East Germany and Portugal totaling 64,400 MT. Sorghum commitments increased by 45,800 MT, bringing the total commitment for the year to 4.9 million MT compared with 5.3 million MT for the same period a year ago. Sorghum commitments to Japan increased by 55,900 MT, but were somewhat offset by a reduction in commitments to the Netherlands.

Outstanding sales of corn for 1976/77 shipment increased by 147,900 MT, largely reflecting new sales to Japan. Outstanding sales for 1976/77 shipment now total 4.5 million MT, compared with 2.3 million MT for the same period a year ago. Only about 1.4 million MT of the increase from a year ago is due to sales to the USSR, which means that advance sales to other destinations are also well ahead of a year ago.

Rice: The apparent export commitment increased by 82,200 MT, bringing the total for 1975/76 to 1.7 million MT. New sales under PL-480 to India and Indonesia accounted for over 85 percent of this week's increase.

Soybeans: The apparent export commitment for 1975/76 increased by 164,400 MT, primarily reflecting a rise in commitments to Japan, Spain, and Romania. Commitments to unknown destinations declined 32,800 MT. Exports during the week totaled 280,700 MT, primarily to the EC (109,700 MT), Japan (105,400 MT), and Spain (24,900 MT). After a large spurt, commitments over the past two weeks increased only modestly. Factors influencing this turnabout, not necessarily in their order of importance, are: Improved forage in Europe following recent rains, forward sales temporarily satisfying anticipated demand, increased competition from Brazil, and projected greater use of dried skim milk in European feed rations during the next few months.

Soybean Oilcake and Meal: The apparent export commitment for 1975/76 increased by 58,600 MT, primarily reflecting larger commitments to France, Spain, and Yugoslavia. Commitments to unknown destinations declined 27,100 MT. Exports during the week totaled 103,100 MT, primarily to France (28,000 MT), Spain (21,500 MT), Yugoslavia (18,500 MT), the Netherlands (16,400 MT), and Italy (10,200 MT).

Cotton: U.S. Upland cotton had another week of brisk sales activity. The net export commitment increased 204,000 running bales (RB), 38,000 RB for shipment during the current marketing year and 166,000 RB for shipment in 1976/77. Hong Kong, Japan, and the Republic of China were the largest buyers. Prices continued to climb with very few offers being made for nearby shipment by producers in exporting countries.

1/ Data may not add due to rounding and by class does not add to All Rice Cwt. total due to rounding.

As of May 30 U.S. rice exports for the 1975/76 marketing year were running 36 percent behind a year earlier. However, this reflects improvement over a month ago when they were 42 percent behind. Outstanding sales on May 30 of 458,000 metric tons, however, do not include about 60,000 metric tons of recent sales to Bangladesh under Title I of Public Law 480. Also Indonesia and Syria have some 55,000 metric tons to purchase under PL 480 for export through July.

Exports during the week of May 24-30 totalled 82,000 metric tons, a record for the marketing year. To achieve the USDA's projected exports weekly shipments will have to maintain this record level.

If you no longer need this publication, check here _____ and return this sheet with envelope in which it was mailed and your name will be dropped from mailing list.

If your address should be changed _____ **PRINT OR TYPE** the new address, including **ZIP CODE** and return the whole sheet with envelope to:
